

Carling Technologies®

Innovative Designs. Powerful Solutions.

January 2019

SUBJECT: REACH Compliance

To Our Valued Business Partners,

Carling Technologies complies with the current REACH regulations as established per EU REACH Regulation (EC) No 1907/2006 and which have been periodically updated.

To the best of our knowledge the parts, processes and materials used comply with the requirements of the European Regulation for the Registration, Evaluation and Authorization of Chemicals (“REACH” directive EC No. 1907/2006), 197 Substances Listed as of 15 January 2019.

Lead is a Substances of Very High Concern, Some parts may contain Lead in brass components above the threshold limit.

Carling Technologies has established controls in its Design and Development (APQP), Supplier Development processes, and in its Management Systems to control and monitor current SVHC per the REACH requirements.
