MILITARY
SEALED COTS SWITCHES AND CIRCUIT BREAKERS

INDUSTRY BROCHURE
Your Military equipment is only as tough as the components used in building it!

Carling Technologies’ products feature a wide range of switches and circuit breakers that were designed and tested to withstand the harsh environments found in military applications. Carling Technologies COTS products provide military OEMs with a reliable and cost effective solution to their design requirements. By drawing upon over 90 years of design excellence, Carling Technologies is able to provide switch and circuit breaker solutions that are sure to be compliant with the most demanding environmental requirements.

CORPORATE LOCATIONS

Founded in 1920, there are few products that Carling Technologies hasn’t turned “ON” and fewer industries that haven’t turned to Carling for solutions. With ISO and TS registered manufacturing facilities and technical sales offices worldwide, Carling ranks among the world’s largest manufacturers of circuit breakers, switches, PDU’s, digital switching systems and electronic controls.
