The V-Series Contura XIV snap-in rocker switches offer countless unique options including choices for ratings, circuits, colors, illuminations and legends. These single or double pole switches feature removable actuators in a choice of actuator styles and colors, and can be illuminated with either square or bar shaped lenses. Actuators may be purchased and stocked separately. An optional plug-in terminal connector enables pre-wiring of harnesses.

The Contura switches with sealed option, are certified to IP66/68, signifying complete protection against dust and prolonged spray and submersion under pressure, and are recognized to UL1500 - Ignition Protection for Marine Products. These switches are vibration, shock, thermoshock, moisture and salt spray resistant. Temperature ratings range from -40°C to +85°C.

**Product Highlights:**
- Countless options for ratings, circuits, colors, illuminations and legends
- Sealed to IP66/68 for Above-Panel Components
- Vibration, shock, thermoshock, moisture and salt spray resistant
- Temperature range from -40°C to +85°C.

**Typical Applications:**
- On/Off Highway Equipment
- Marine
- Military Armored Vehicles
- Mining Machinery and Equipment
- Any application requiring environmental protection

V-Series Switch
DESIGN FEATURES

INTERCHANGEABLE ACTUATORS
Panel redesign is a snap with our wide range of rocker styles. Achieve maximum design variety with minimum inventory. Simply swap rockers to create an entirely new look for your panel.

DUAL SEAL PROTECTION
Seals out water, dust, debris, and sealed to IP66/68 for above-panel components.

CLEAN CONNECTIONS
Options for both eight and ten terminal base styles with AMP & Packard compatible connectors affords myriad circuit options while providing ease of assembly.

OPTIONAL PANEL SEAL
Helps prevent water/dust ingress behind panel.

MULTIPLE LIGHTING OPTIONS
In addition to Incandescent lamps, our LED illumination is offered in a wide array of light intensities, colors, as well as dual level, tri-color, and flashing options.

BRASS ROLLER PIN
Robust mechanism eliminates the need for lubricants. Enables switch to withstand -40°C to +85°C temperatures.

SILVER PLATED BUTT CONTACT MECHANISM
Providing 50k to 100k electrical cycles, circuit and load dependent.

*Manufacturer reserves the right to change product specification without prior notice.
Contura II & III
The Contura II & III actuators are constructed of thermoplastic polycarbonate and are offered with a hard nylon overlay or a “soft-touch” elastomer overlay. These models incorporate aesthetic designs on the top and bottom of the rocker featuring two rows of raised “bumps” on the Contura II and three “indented” lines on the Contura III.

Contura IV
The Contura IV’s “Shape to create a Shape” actuator works with the curves, contours & advanced styling of the latest panel designs, flowing with these advanced curves & radii. This actuator style fits on the Contura flush bracket/bezel.

Contura V
The symmetrically curved Contura V actuator provides the perfect complement to the Contura IV’s “Shape to create a Shape” design concept. With its flush style mounting bracket, Contura V can be mounted in between two Contura IV’s, by itself, or in groups.

Contura VI (WAVE)
The Contura VI WAVE sealed rocker switches, when used in a row, create an uniquely appealing “wave” design on your panel. A variety of colors and finishes are available for both rocker and wave insert. Contura VI features bar and oval lenses.

Contura VII
Contura VII featuring gently curved corners and edges assuring compatibility with most any panel design. Intuitive feel is maximized by the use of 2 embossed circular pads located at opposite ends of the rocker. Any combination of Bar or Oval style lenses can be located in the pads providing a truly unique look, exclusive to Contura VII.

Contura X
The raised bracket/bezel on the Contura X helps prevent inadvertent actuation of the rocker, as well as preventing debris from being trapped under the actuator. This curved rocker style is available with a variety of lenses and legends.

Contura XI
The raised bracket/bezel on the Contura XI helps prevent inadvertent actuation of the rocker, as well as preventing debris from being trapped under the actuator. This convex style rocker is available with a wide variety of lenses and legends.

Contura XII
The Contura XII version features a paddle style actuator with the raised bracket/bezel of Contura X and XI. The contoured handle design provides intuitive recognition and ease of operation and is available with all Contura X and XI lens and legend offerings.

Contura XIV
The Contura XIV represents a sleek new crossover rocker design which should appeal to Trucks, Buses and Heavy Vehicles as well as the Marine Industry. Intuitive feel is provided by recessed ridges along with a Center Groove which effectively defines the boundary between top and bottom switch functions.

Illuminated Indicators & Accessories
Alert operator of systems functions or malfunctions, are offered with removable/replaceable lamps in Contura II, II, V or X styles. Accessories include connectors, mounting panels, hole plugs, panel seals, and actuator removal tools. Refer to accessories page for full details.

### Physical

- **Lighted**
  - Incandescent: rated 10,000 hours
  - Neon: rated 25,000 hours
  - LED: rated 100,000 hours

- **Seals**
  - Optional external gasket panel seal
  - Polyester blend rated to 125°C with a UL flammability rating of 94V0.

- **Base**
  - Polymeric blend rated to 125°C

- **Contura II,III,IV,V,VI, VII Actuator**
  - **Hard Surface**: Basic actuator structure molded of thermoplastic polycarbonate with a hard Nylon 66 thermoplastic surface overlay.
  - **Soft Surface**: Basic actuator structure molded of thermoplastic polycarbonate with an elastomer overlay.

- **Contura X,XI,XII Actuator,VP**
  - Nylon 66 Reinforced rated to 105°C
  - Polycarbonate rated at 100°C
  - Polycarbonate lens/sub-rocker with ABS shell

### Actuator Travel (Angular Displacement)

- 2 position: 18°
- 3 positions: 9° from center

### Mounting Specifications

- **Panel Thickness Range**
  - Gaskets: Acceptable Panel Thickness
  - 0: .030 to .250 (.76 to 6.35mm)
  - 1: .030 to .109 & .147 to .157 (.76 to 2.77mm & 3.73 to 3.98mm)

- **Recommended: No gasket with panel thickness of** .032, .062, .093, .125, .187 or .250

### Agency Certifications

#### Environmental

- **Sealing**
  - IP66/68, for above-panel components of actual switch only.

- **Corrosion**
  - Mixed Flowing Gas (MFG) Class III
  - 3 year accelerated exposure per ASTM B-827, B-845 Silver and gold contacts
  - -40°C to +85°C

- **Operating Temp.**
  - Vibration 1
    - Per Mil-Std 202F, Method 204D
    - Test Condition A 0.06 DA or 10G’s 10-500 Hz. Tested with VCH connector.
    - Test criteria - No loss of circuit during test, pre and post-test contact resistance.
  - Vibration 2
    - Resonance search
    - 24-50 Hz 0.40 DA
    - 50-2000 Hz ±10 G’s peak
    - Horizontal Axis 3-5 G’s max.
    - Random
    - 24 Hz 0.06 PSD-Gsq/Hz
    - 60 Hz 0.50
    - 100 Hz 0.50
    - 200 Hz 0.025
    - 2000 Hz 0.025
    - No loss of circuit during test; <10μ seconds chatter.

- **Shock**
  - Per Mil-Std 202F, Method 213B, Test Condition K @ 30G’s. Tested with VCH connector.
  - Test criteria - No loss of circuit during test, pre and post test contact resistance.

- **Salt Spray**
  - Per Mil-Std 202F, Method 101D, Test Condition A, 96 Hrs. Sealed version only.
  - Mil STD 810, Method 510.2 Air Velocity 300 Ft/Min Duration 16Hr

- **Dust**
  - Per Mil-Std 202F, Method 101D, Test Condition A, 96 Hrs. Sealed version only.
  - Mil STD 810, Method 510.2 Air Velocity 300 Ft/Min Duration 16Hr

- **Thermal Shock**
  - Per Mil-Std 202F, Method 107F, Test Cond. A, .-55°C to +85°C. Test criteria - pre and post test contact resistance.

- **Moisture Resistance**
  - Per Mil-Std 202F, Method 106F, Test Criteria - pre and post test contact resistance.

- **Ignition Protection**
  - All Contura switches with sealed construction meet the requirements of UL1500/ISO8846 for ignition protection, in addition to conformance with EC directive 94/25/EC for marine products.
